

Anjali Sarawgi

Master's Student, LMU Munich

@ anjali.sarawgi9@gmail.com  github.com/anjalisarawgi  linkedin.com/in/anjalisarawgi  Google Scholar
 Munich, Germany

Education

Apr 2023 Present	Ludwig Maximilian University (LMU), Munich Institute for Statistics M.Sc. in Statistics and Data Science (Track: Machine Learning)	Munich, Germany
Jun 2018 May 2021	CHRIST (Deemed to be University) Department of Mathematics Bachelor of Science (Economics, Mathematics, Statistics)	Bangalore, India

Experience

Present Jul 2025	Fraunhofer AISEC Institute for Applied and Integrated Security  <i>Master Thesis Student Advisors: Johanna Baehr, Prof. Dr. David Rügamer</i> Working on exploring and adapting graph neural networks (GNNs) for detecting subcircuits in cryptographic hardware circuits.	Munich, Germany
Dec 2024 Jul 2025	Heidelberg University South Asia Institute  <i>Consulting Project (Master's Project) Advisors: Esteban Garces Arias, Dr. Christof Zotter</i> Developed the first transformer based handwritten text recognition (HTR) model for low-resource 18th and 19th century Old Nepali manuscripts with 95.1% character accuracy.	Heidelberg, Germany
Oct 2024 Sep 2025	Institute for Statistics LMU, Munich  <i>Student Assistant Mentor: Prof. Dr. Thomas Augustin</i> Assisted with lecture material preparation for Statistical Inference Course (Bachelor's program), corrected student papers, and helped with literature searches and preparing supporting research materials.	Munich, Germany
Oct 2024 Mar 2025	Psychological Methodology and Diagnostic LMU, Munich  <i>Research Student Mentor: Dr. Yannik Terhorst</i> Worked on statistical analysis for a meta-analysis of PTSD research, and on statistical modelling and feature engineering of mobile sensing data (Phone Study Project) to detect depression patterns from user behaviour.	Munich, Germany
Mar 2024 Sep 2024	Bavarian AI Chair of Mathematical Foundations of AI LMU, Munich  <i>Research Student Mentor: Sohir Maskey, Prof. Dr. Gitta Kutyniok</i> Worked with Graph Neural Networks (GNNs) to (1) visualize loss landscapes to understand model behaviour using dimensionality reduction methods and, (2) implement experiments to study double descent phenomenon for benchmarked graph data and GNNs.	Munich, Germany
Nov 2022 Jan 2023	Bask Solution LLC <i>Web Development Intern</i> Assisted in designing and building an AI-powered conversational food delivery web app with Python and React JS	Kathmandu, Nepal
Jul 2021 Sep 2022	Deloitte USI <i>Associate Analyst Consulting (Strategy and Analytics) - AI and Data Engineering</i> Worked on building and maintaining big data workflows as a part of Master Data Management (MDM) using SQL and Informatica MDM for a global pharmaceutical client.	Bangalore, India

Publications

- [3] **Digitizing Nepal's Written Heritage: A Comprehensive HTR Pipeline for Old Nepali Manuscripts**
Anjali Sarawgi, Esteban Garces Arias, Christof Zotter
[In Submission]
- [2] **The relation between passively collected data and PTSD: a systematic review and meta-analysis**
Ningzhe Zhu, Anjali Sarawgi, Markus Bühner, Harald Baumeister, Patricia Garatva, Thomas Ehring, Yannik Terhorst
npj Digital Medicine, [DOI: 10.1038/s41746-025-01825-6] [Nature Portfolio, 2025]
- [2] **Environmental cost of food wastage: Integrated response through a mix of environmental policy instruments**
Pratyush Jain, Anjali Sarawgi, Pragati Jain
Sustainable Development, [DOI: 10.1002/sd.2522] [Wiley, 2023]

Talks

“AI for South Asian Language Preservation: Nepali and Hindi”

› Manuscriptology and Digital Humanities Online Lecture Series October 2024 (Heidelberg University, Germany)

Honours and Awards

Spot Award | Deloitte USI, 2022 Awarded for performance and contributions to project success

Courses and Skills

Training: Python with Django (Advanced), IT Training Nepal, 2022

Technical Skills: Python (Advanced), R Programming, PyTorch / PyG, Google Cloud Platform (GCP), Docker, SQL, Git, ReactJS, Django, FastAPI, LaTeX
