

Anjali Sarawgi

Master's Student, LMU Munich

@ anjali.sarawgi9@gmail.com  github.com/anjalisarawgi  linkedin.com/in/anjalisarawgi  Google Scholar
 Munich, Germany

Education

Apr 2023 Present	Ludwig Maximilian University (LMU), Munich Institute for Statistics M.Sc. in Statistics and Data Science (Track: Machine Learning)	Munich, Germany
Jun 2018 May 2021	CHRIST (Deemed to be University) Department of Mathematics B.Sc. (Economics, Mathematics, Statistics)	Bangalore, India

Experience

Present Dec 2024	Heidelberg Academy of Sciences and Humanities  Research Student (Master's Project) Advisors: Dr. Christof Zotter, Esteban Garces Arias, Dr. Manik Bajracharya Developed a transformer based handwritten text recognition (HTR) model for low-resource 18th and 19th century Old Nepali manuscripts with 95.1% character accuracy. Extending the historical text corpus, degraded manuscript preprocessing, and Post-OCR correction methods for improving the automatic transcription accuracy of the historical scripts.	Heidelberg, Germany
May 2026 Aug 2025	Fraunhofer AISEC Institute for Applied and Integrated Security  Master Thesis Student Advisors: Johanna Baehr, Prof. Dr. David Rügamer Topic: Graph Neural Networks for Boundary Detection in Hardware Netlist Reverse Engineering Developed and evaluated Graph Neural Networks (GNNs) to recover subcircuit boundaries in large circuit graphs, and tested its generalization to entirely unseen, heterogeneous circuit designs.	Munich, Germany
Sep 2025 Oct 2024	Institute for Statistics LMU, Munich  Research Student Mentor: Prof. Dr. Thomas Augustin Assisted with lecture material preparation for Statistical Inference Course (Bachelor's program), corrected student papers, and helped with literature searches and preparing supporting research materials.	Munich, Germany
Mar 2025 Oct 2024	Psychological Methodology and Diagnostic LMU, Munich  Research Student Mentor: Dr. Yannik Terhorst Worked on statistical analysis and statistical modeling for a meta-analysis of PTSD research, and feature engineering of mobile sensing data (Phone Study Project) to detect depression patterns from user behaviour.	Munich, Germany
Sep 2024 Mar 2024	Bavarian AI Chair of Mathematical Foundations of AI LMU, Munich  Research Student Mentor: Sohir Maskey, Prof. Dr. Gitta Kutyniok Worked with Graph Neural Networks (GNNs) to (1) visualize loss landscapes to understand model behaviour using dimensionality reduction methods and, (2) implement experiments to study double descent phenomenon for benchmarked graph data and GNNs.	Munich, Germany
Jan 2023 Nov 2022	Bask Solution LLC Web Development Intern Designing and building an AI-powered conversational food delivery web app with Python and React JS	Kathmandu, Nepal
Sep 2022 Jul 2021	Deloitte USI Associate Analyst Consulting (Strategy and Analytics) - AI and Data Engineering Worked on building and maintaining Master Data Management (MDM) pipelines for a global pharmaceutical client, implementing data validation, deduplication, and integration pipelines using SQL and Informatica MDM (ActiveVOS) to ensure data quality.	Bangalore, India

Publications

- [3] Digitizing Nepal's Written Heritage: A Comprehensive HTR Pipeline for Old Nepali Manuscripts
Anjali Sarawgi, Esteban Garces Arias, Christof Zotter
[Preprint: 10.48550/arXiv.2512.17111] [ACL 2026 (award nominee)]
- [2] The relation between passively collected data and PTSD: a systematic review and meta-analysis
Ningzhe Zhu, Anjali Sarawgi, Markus Bühner, Harald Baumeister, Patricia Garatva, Thomas Ehring, Yannik Terhorst
npj Digital Medicine, [DOI: 10.1038/s41746-025-01825-6] [Nature Portfolio, 2025]

- [1] **Environmental cost of food wastage: Integrated response through a mix of environmental policy instruments**
Pratyush Jain, [Anjali Sarawgi](#), Pragati Jain
Sustainable Development, [DOI: [10.1002/sd.2522](#)] [Wiley, 2023]

Talks

“AI for South Asian Language Preservation: Nepali and Hindi”

> [Manuscriptology and Digital Humanities Online Lecture Series](#) October 2024 (Heidelberg University, Germany)

Skills

Skills & Technologies: Python, R Programming, SQL, Git, PyTorch/Pytorch Geometric, Google Cloud Platform (GCP), Docker, ReactJS, Django, FastAPI, LaTeX, Informatica MDM

Training Course: Python with Django (Advanced), IT Training Nepal, 2022

Additional

Languages: English (Fluent), German (A2, learning), Nepali (Native), Hindi (Fluent)

Awards: Spot Award (Deloitte USI, 2022), Mathematics Prize (Bishop Cottons Girl’s School, India, 2018)
